Transgender Friendly School

Date	Review Date	Coordinator	Nominated Governor
June 2022	June 2024	Miss Lee Waugh	Mrs Glynis Gower

We believe this policy relates to the following legislation: -

- Human Rights Act 1998
- Gender Recognition Act 2004
- Equality Act 2010

We believe it is our legal duty under the Equality Act 2010 to minimise the distress and disruption to those pupils and school personnel who are transgender by ensuring we eliminate all forms of discrimination, advance equality of opportunity, promote good relations between different people and to support the rights and needs of trans people to live their lives in their true gender.

We believe people whose gender identity differs from their biological birth sex are known as transgender. At least one per cent of the UK is transgendered and in a 300 place primary school there is the possibility that at least three children are transgendered.

We believe it is our moral and legal duty to protect transgender pupils and staff from all forms of transphobic bullying and to educate all pupils about the important role that transgender people play in society. All forms of homophobic bullying must be challenged, dealt with and recorded.

We wish to have and maintain a consistent approach to all transgender matters by supporting, informing, protecting and ensuring that those pupils and school personnel who question their gender identity achieve their full potential.

We will ensure that all transgender pupils and school personnel are catered for by making the necessary changes or adjustments to school policies and procedures, school facilities and to the curriculum.

We have in place a pastoral support system and a comprehensive training programme by accredited trainers for all school personnel and governors that deals with all issues related to the subject of transgender.

We believe we provide a secure, caring and happy learning environment where pupils and school personnel have a mutual respect for each other. We want all pupils and school personnel to feel valued as individuals irrespective of their sexual orientation or gender identity. We want everyone to develop to their full potential in a healthy and safe environment where diversity is valued and celebrated and where homophobia and transphobia does not exist.

We all need to be aware that transgender people face real problems and we must do all we positively can to support them by educating the school community by providing knowledge and understanding in order to combat narrow-mindedness and prejudice. We want this school to be transgender friendly school.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.
