

### **Pupil Premium support 2017-2018**

We received additional funding of £11,885 for Pupil Premium and Pupil Premium Plus learners.

We used this money to do the following to ensure that these Pupils remained at the same level of all other learners in our school and to ensure that their Self Esteem and Emotional Literacy levels continued to rise from the previous levels measured over the past 3 years: -

- To enable all pupils to have the resources they require to complete Cookery lessons.
- To enable pupils to attend swimming lessons, including supporting with the correct clothing
- To enable these pupils to attend residential holidays with their peers
- To enable these pupils to attend Environmental Learning throughout the school year that entails visiting different locations on the school mini-bus and buying goods at shops and drinks etc. at cafés
- To support these pupils through paying for additional therapies for them that include Occupational Therapy and Massage Therapy
- To enable these pupils to attend Equine Therapy sessions by providing transport
- To enable these pupils to access sessions with the RDA through providing transport
- To enable staff to use the assessment tool to measure the Emotional Literacy levels of these pupils, planning interventions depending on results
- To provide transport to Rebound sessions at a local gym
- To provide staff with time to develop their understanding of Meta-cognition, this has enabled them to support pupils to think about learning more explicitly, encouraging them to set their own targets, plan their learning and evaluate if they have achieved these targets.
